TOPS-10
Software Notebooks

QHK20-KZ (Notebook Set)

January 1989

The TOPS-10 Software Notebook Set contains all user documentation for the TOPS-10 Operating System.

One set of TOPS-10 notebooks is included with each basic TOPS-10 software package. Customers can order additional notebook sets by contacting their sales representative. The TOPS-10 Software Notebook Set has the order number QHK20-KZ.

TOPS–10 Monitor Calls Manual, Vol. 2	AA–K039D–TB
TOPS–10/TOPS–20 Operator's Hardware Device and Maintenance Guide	AA–KZ39A–TK
TOPS–10 Software Installation Guide	AA–P512C–TB
TOPS–10 Monitor Calls Quick Reference Guide	AV–0978G–TB
TOPS–10 Commands Quick Reference Guide	AV–K729D–TB

To aid in the process of updating your notebook set, the update package also contains the following material:

- Throw-away page
- Update Notice page
- Instruction sheets
- Master Table of Contents

January 1989

INSTRUCTIONS

Update 99

Use the following instructions to place the contents of this update kit into your TOPS-10 Software Notebook Set. Before you begin the procedure, check your notebook set to be sure it is up to date. In Notebook 1, the most current Update Notice page should reflect Update 98 (Order Number QHN06–WZ). Do not proceed with the following instructions unless Update 98 and all previous updates have been installed.

Update 99 contains three spiral-bound books which are provided for your convenience and are not meant to be installed in the notebook set. These are:

TOPS–10 Commands Quick Reference Guide
TOPS–10 Monitor Calls Quick Reference Guide
TOPS–10/TOPS–20 Operator's Hardware Device and Maintenance Guide

Notebook 2:

Remove the TOPS–10 Operating System Commands Manual and replace it with the new version of the same title.

Remove the TOPS–10/TOPS–20 Batch Reference Manual and replace it with the new version of the same title.

Notebook 4:

Remove the TOPS–10 Monitor Calls Manual, Vol. 1 and replace it with the new version of the same title.

Remove the TOPS–10 Monitor Calls Manual, Vol. 2 and replace it with the new version of the same title.

Notebook 15:

Remove the TOPS–10 Software Installation Guide and replace it with the new version of the same title.

Notebook 16:

Remove the TOPS–10 Operator's Guide and replace it with the new version of the same title.

Notebook 17:

Remove the TOPS–10 Operator's Command Language Reference Manual and replace it with the new version of the same title.

Notebook 18:

Remove the TOPS–10 Stopcodes Specification and replace it with the new version of the same title.

Remove the TOPS–10 Crash Analysis Guide and replace it with the new version of the same title.

Notebook 1:

Replace the Title and Copyright pages with the new ones provided.

Replace the Master Table of Contents with the new one that is provided.

Insert the Update Notice page, which is provided in this update kit, after the tab divider "Update Notices."

UPDATE NOTICE

TOPS–10
SOFTWARE NOTEBOOKS
QHN06–WZ

February 1987

Contents of the Update

1. Update pages for the TOPS–10/TOPS–20 FORTRAN Language Manual
2. A revised TOPS–10 FORTRAN Installation Guide
3. A revised TOPS–10/TOPS–20 FORTRAN Pocket Guide

The instructions for inserting this update start on the following page.

TOPS–10/TOPS–20 FORTRAN Language Manual Update	AD–N383B–T1
TOPS–10 FORTRAN Installation Guide	AA–P345C–TB
TOPS–10/TOPS–20 FORTRAN Pocket Guide	AA–P529C–TB

To aid in the process of updating your notebook set, the update package also contains the following material:

- Throw-away page
- Update Notice page
- Instruction sheets
- Master Table of Contents

February 1987

INSTRUCTIONS

Update 98

Use the following instructions to place the contents of this update kit into your TOPS-10 Software Notebook Set. Before you begin the procedure, check your notebook set to be sure it is up to date. In Notebook 1, the most current Update Notice page should reflect Update 97 (Order Number QHN05-WZ). Do not proceed with the following instructions unless Update 97 and all previous updates have been installed.

Update 98 contains the TOPS-10/TOPS-20 FORTRAN Pocket Guide, which is not installed in the notebook set. The Pocket Guide is provided for your convenience.

Notebook 11:

Update the TOPS-10/TOPS-20 FORTRAN Language Manual, using the instructions that are provided with the update pages.

Remove the TOPS-10 FORTRAN Installation Guide and replace it with the new version of the same title.

Notebook 1:

Replace the Master Table of Contents with the new one that is provided.

Insert the Update Notice page, which is provided in this update kit, after the tab divider "Update Notices". This allows you to keep a record of the status of your notebook set.

TOPS–10 Software Notebook Set

Update 96

Order no. QHN04-WZ

Update 96 to the TOPS-10 Software Notebook Set contains the following revised manuals:

Title	Order number
TOPS-10 Operating System Commands Manual	AA-0916E-TB
TOPS-10 Monitor Calls Manual	
Volume 1	AA-0974F-TB
Volume 2	AA-K039C-TB
TOPS-10 DDT Manual	AA-BH82B-TB
TOPS-10 Software Installation Guide	AA-P512B-TB
TOPS-10 Operator's Guide	AA-H283B-TB
TOPS-10 Operator's Command Language Reference Manual	AA-H599B-TB
TOPS-10 Crash Analysis Guide	AA-H206C-TB
TOPS-10 DECnet and PSI Installation Guide	AA-P379B-TB
TOPS-10 DECnet and PSI System Manager's and Operator's Guide	AA-L413B-TB

The notebook set update package also contains updates to the following manuals:

TOPS-10 LINK Reference Manual	AD-0988D-T2
TOPS-10/20 RSX-20F System Reference Manual	AD-BS94A-T1

To aid in the process of updating your notebook set, the update package also contains the following material:

- Throw-away page
- Update Notice page
- Instruction sheets
- Master Table of Contents
- Spine inserts and Contents pages for Notebooks 13, 15, 17, and 20
- Two tab dividers, named:

  DECnet and PSI Installation Guide
  DECnet and PSI Manager's Guide

INSTRUCTIONS

Update 96

Use the following instructions to place the contents of this update kit into your TOPS-10 Software Notebook Set. Before you begin the procedure, check your notebook set to be sure it is up to date. In Notebook 1, the most current Update Notice page should reflect Update 95 (order number QHN03-WZ). Do not proceed with the following instructions unless Update 95 has already been installed.

Follow the instructions listed below in the specified order. Allow at least 1/2 hour to update your notebook set. As you complete the instructions for each notebook, compare the contents of the notebook against its Contents page (at the front of the notebook) to make sure the notebook is complete and contents are in the correct order.

Notebook 2:

Replace the existing TOPS-10 Operating System Commands Manual with the new version provided in this update package.

Notebook 4:

Replace Volumes 1 and 2 of the TOPS-10 Monitor Calls Manual with the new versions provided in this update package.

Notebook 13:

Replace the Spine insert with the new one that is provided.

Replace the Contents page with the new one that is provided.

Replace the TOPS-10 DDT Manual with the new version provided in the update package.

Update the TOPS-10 LINK Reference Manual, using the update pages and instructions that are provided in the update package.

Remove the FILDDT Specification and its tab divider. The information in this specification is documented in the TOPS-10 DDT Manual.

Notebook 14:

Update the TOPS-10/TOPS-20 RSX-20F System Reference Manual, using the update pages and instructions that are provided in this update package.

Notebook 15:

Replace the Spine insert with the new one that is provided.

Replace the Contents page with the new one that is provided.

Replace the TOPS-10 Software Installation Guide with the new version that is provided.

Remove and discard the following manuals and their tab dividers:

TOPS-10 DECnet-10 Network Generation and Installation Procedures
TOPS-10 PSI Installation Guide

These manuals have been combined in the new TOPS-10 DECnet and PSI Installation Guide, which you will place in Notebook 20.

Notebook 16:

Replace the TOPS-10 Operator's Guide with the new version that is provided.

Notebook 17:

Replace the Spine insert with the new one that is provided.

Replace the Contents page with the new one that is provided.

Replace the TOPS-10 Operator's Command Language Reference Manual with the new version that is provided.

Remove and discard the BATCON Specification and its tab divider. The information in this specification is documented in the TOPS-10/TOPS-20 Batch Reference Manual.

Remove and discard the TWICE Specification and its tab divider. The information in this specification is documented in the TOPS-10 Software Installation Guide.

Notebook 18:

Replace the TOPS-10 Crash Analysis Guide with the new version that is provided.

Notebook 20:

Replace the Spine insert with the new one that is provided.
Replace the Contents page with the new one that is provided.
Remove and discard the following manuals and their tab dividers:

TOPS-10 DECnet-10 System Manager's and Operator's Guide
TOPS-10 PSI System Manager's and Operator's Guide

Place the following manuals and their tab dividers immediately after the Introduction to DECnet. These manuals and dividers are provided in the update package:

Tab divider: DECnet and PSI Installation Guide
TOPS-10 DECnet and PSI Installation Guide
Tab divider: DECnet and PSI Manager's Guide
TOPS-10 DECnet and PSI System Manager's and Operator's Guide

Notebook 1:

Replace the Master Table of Contents with the new one that is provided.

Insert the Update Notice page and these instructions into the notebook after the tab divider "Update Notices." This allows you to keep a record of the current state of your notebook set.

UPDATE NOTICE

TOPS–10
SOFTWARE NOTEBOOKS
QHN03–WZ

October 1985

Contents of the Update

1. Revised SPEAR Manual
2. Revised SPEAR Reference Card
3. Update to COBOL–74 Manual

The instructions for inserting this update start on the following page.

© Digital Equipment Corporation 1985. All Rights Reserved.

TOPS–10 Software Notebook Set

Update 95

(Order no. QHN03–WZ)

Update 95 to the TOPS–10 Software Notebook Set contains the following documents:

Revision of SPEAR Reference Manual
Order no. AA–J833B–TK

Revision of SPEAR Reference Card
Order no. AV–M752B–TK

Update to COBOL–74 Language Manual
Order no. AD–5095B–T1

The update package also contains:

- Update Notice page
- Instructions for updating your Notebook Set
- Master Table of Contents
- Notebook Set Title Page
- Spine inserts and Contents pages for Notebooks 15 and 20

INSTRUCTIONS
Update 95

Use the following instructions to place Update 95 into your TOPS–10 Software Notebook Set. Update 95 contains a revised SPEAR Reference Card, which you may use when your Notebook Set is not available.

Before you begin this procedure, check your Notebook Set to be sure it is up to date. In Notebook 1, the most current Update Notice should reflect Update 94 to the Notebook Set. The order number for Update 94 is QHN02–WZ. Do not proceed with these instructions if your Notebook Set is not up to date.

Please follow these instructions in the specified order. Allow at least ½ hour to complete the update procedure. After you complete each notebook, check its contents against the Contents Page at the front of the binder.

Notebook 10:

Using the update instructions provided in the COBOL update package, update the COBOL–74 Language Manual.

Notebook 18:

Replace the SPEAR Manual with the new version that is provided in this update package.

Notebook 20:

Replace the Spine Insert with the new one that is provided.

Replace the Contents page with the new one that is provided.

Remove the DECnet–10 Network Generation and Installation Procedures document and its tab divider. Set them aside to be placed into Notebook 15 later.

Remove the TOPS–10 PSI Installation Guide and its tab divider. Set them aside to be placed in Notebook 15 later.

Notebook 15:

Replace the Spine Insert with the new one that is provided.

Replace the Contents page with the new one that is provided.

Place the DECnet–10 Installation Procedures and its tab divider immediately following the TOPS–10 Software Installation Guide. This manual was removed from Notebook 20.

Place the PSI Installation and its tab divider immediately following the DECnet–10 Installation Procedures. This manual was removed from Notebook 20.

Notebook 1:

Replace the Notebook Set Title page with the new one that is provided.

Replace the Master Table of Contents with the new one that is provided.

Insert the Update Notice and Instructions after the tab divider "Update Notices" to keep a record of the current state of your notebook set.

TOPS–10 Software Notebook Set

Update 94

(Order no. QHN02–WZ)

Update 94 to the TOPS–10 Software Notebook Set contains the following new manuals:

TOPS–10 PSI Installation Guide	AA–CK82A–TB
TOPS–10 PSI User's Guide	AA–CK81A–TB
TOPS–10 PSI System Manager's and Operator's Guide	AA–CK83A–TB
TOPS–10/20 FORTRAN Language Manual	AA–N383B–TK
TOPS–10 FORTRAN Installation Guide	AA–P345B–TB
TOPS–10/20 FORTRAN Pocket Guide	AA–P529B–TK

This package includes updates for the following manual:

TOPS–10 LINK Reference Manual	AD–0988D–T1

The update package also contains the following material, which is useful in updating your Notebook Set:

Update Notice page

Update Instructions

Master Table of Contents

Spine inserts and Contents pages for Notebooks 11 and 20

A new tabbed divider for the SORT/MERGE manual. This item was unintentionally omitted from the previous notebook set update.

Complete set of tabbed dividers for the manuals in Notebooks 15 through 20.

INSTRUCTIONS

Use the following instructions to place the contents of this update package (Update 94) into your notebook set. Before you begin, however, check the Update Notices section of Notebook 1, to ensure that you have installed all previous updates (up to and including Update 93). Do not proceed with these instructions until all previous updates are installed.

Please follow these instructions in the specified order. Allow yourself at least ¾ hour to install the complete update package. After completing each notebook, check its contents against the manuals listed on the binder's Contents page (at the front of each binder except Notebook 1). When you have completed this, you may also wish to check the entire notebook set against the Master Table of Contents provided in this update package.

Notebook 11:

Replace the spine insert and Contents page with the new ones that are provided.

Replace the FORTRAN Language Manual with the new version provided.

Replace the FORTRAN Installation Guide with the new version provided.

Remove and discard the TOPS–10/20 and VAX–11 FORTRAN Compatibility Manual. A newer version is now distributed with the TOPS–10 Integration Documentation Kit, order no. QH308–GZ.

Notebook 12:

Replace the SORT/MERGE tab divider with the new one provided.

Notebook 13:

Update the TOPS–10 LINK Reference Manual using the update pages and instructions provided.

Notebooks 15 through 19:

Replace the tabbed dividers in each binder with the new tabbed dividers provided.

Notebook 20:

Replace the spine insert with the new one that is provided.

Replace the Contents page with the new one that is provided.

Insert the following new manuals, with their tabbed dividers, after the DECnet–10 System Manager's and Operator's Guide, in order:

TOPS–10 PSI Installation Guide
TOPS–10 PSI User's Guide
TOPS–10 PSI System Manager's and Operator's Guide

Replace the tabbed dividers for the DECnet manuals with the new tabbed dividers that are provided.

Notebook 1:

Replace the Master Table of Contents.

Place the Update Notice at the front of the section reserved for Update Notices.

UPDATE NOTICE

TOPS–10
SOFTWARE NOTEBOOKS
AV–EB06A–RB

January 1985

Contents of the Update

1. TOPS–10 DDT Manual
2. BLISS–36 Installation Guide
3. Data Interchange Library User's Guide

The instructions for inserting this update start on the following page.

© Digital Equipment Corporation 1984. All Rights Reserved.

TOPS–10 Software Notebook Set

Update 93

(Order no. QHN01–WZ)

Update 93 to the TOPS–10 Software Notebook Set contains the following manuals:

TOPS–10 DDT Manual	AA–BH82A–TB
BLISS–36 Installation Notes	AA–J973E–TK
DIL User Reference Manual	AA–M581B–TK

The update package also includes a set of material useful in updating the Notebook Set:

Update Notice
Update Instructions
Master Table of Contents
Contents pages and spine inserts for the following notebooks: 3, 4, 5, 6, 7, 8, 9, 11, 12, and 13
A complete set of tab dividers for the following notebooks: 2, 3, 4, 5, 6, 7, 8, 9, and 13

INSTRUCTIONS

Before beginning this update, take a moment to check your TOPS–10 Software Notebook Set. The latest Update Notice in Notebook 1 should be that of Update 92, dated August 1984. You should include Update 93 only if your notebook set has had all previous updates incorporated into it.

Please follow these instructions in the order presented. Allow yourself at least ¾ hour to complete the update procedure.

This update includes one new manual and replaces two others. The rearranging of material is intended to provide better use of space in the binders. When removing or inserting manuals, always remove or insert the appropriate tab divider, too. New tab dividers are included for all manuals in Notebooks 2 through 9, and 13.

Notebook 2:

Replace all the tab dividers.

Notebook 3:

Replace the spine insert and Contents page.

Remove the Tape Processing Manual from Notebook 4 and place it after the DECmail/MS manual.

Replace all tab dividers with the new ones.

Notebook 4:

Replace the spine insert and Contents page.

Remove the Monitor Calls Volume 2 from Notebook 5, and place it after Volume 1 in this manual.

Replace all tab dividers.

Notebook 5 is now empty. Put the binder aside for now, and place new spine inserts into Notebooks 6, 7, and 8, as follows:

Notebook 6: Replace the spine insert with the new insert for Notebook 5.

Notebook 7: Replace the spine insert with the new insert for Notebook 6.

Notebook 8: Replace the spine insert with the new insert for Notebook 7.

Place the new spine insert for Notebook 8 into the empty binder that held Notebook 5.

All the following references to Notebooks 5 through 8 are based on this new arrangement.

Notebook 5:

Replace Contents page.

Remove the MACRO manual and put it aside for later.

Replace all tab dividers.

Notebook 6:

Replace the Contents page.

Remove the two BLISS manuals. Discard the Installation Notes, as a revision is included in the Update Kit. Put the BLISS User's Guide aside for later.

Replace all the dividers.

Notebook 7:

Replace the Contents page.

Replace the tab divider.

Notebook 8:

Insert the Contents page.

Place the new version of BLISS Installation Notes into binder.

Place the BLISS User's Guide, which you removed from Notebook 6, after the BLISS Installation Notes.

Remove the BLISS XPORT manual from Notebook 9 and place it after the BLISS User's Guide.

Replace all the tab dividers.

Notebook 9:

Replace the spine insert and Contents page.

Replace the tab dividers.

Notebook 11:

Replace spine insert and Contents page.

Remove introduction to IQL and IQL User's Guide from Notebook 12, and place them after the FORTRAN Compatibility Manual.

Notebook 12:

Replace spine insert and Contents page.

Replace the Data Interchange Library User Reference Manual with the new version included in this update kit.

Remove SORT/MERGE from Notebook 13. Place the SORT/MERGE Manual and its new tab divider after the Data Interchange manual. (The new tab divider for the SORT/MERGE manual is included in this update kit.)

Notebook 13:

Replace spine insert and Contents page.

Place new TOPS–10 DDT Manual and its tab divider before the LINK Reference Manual.

Place the MACRO Assembler Reference Manual, which you removed from Notebook 5, after the LINK Manual.

Replace the remainder of the tab dividers.

Notebook 1:

Replace the Master Table of Contents.

Place the Update Notice at front of the section reserved for Update Notices.

TOPS–10 Software Notebook Set

Update 92

AD–J010A–92

This update to the TOPS–10 Software Notebook Set contains the following manuals:

TOPS–10 ANF–10 Networks Software Installation Guide	AA–W557A–TB
TOPS–10/20 DDT11 Manual	AA–M494A–TK

The update package also includes a set of material useful in updating the Notebook Set:

Update Notice
Update Instructions
Master Table of Contents
Notebook Set Title page/Copyright page
Contents pages and spine inserts for binders 10, 11, 12, 14
Complete set of tab dividers for binders 1, 10, 11, 12, 14

Also included are the following reference guides, which are supplemental to the TOPS–10 Software Notebook Set:

TOPS–10 Command Quick Reference Guide	AV–K729B–TB
TOPS–10 Monitor Calls Quick Reference Guide	AV–0978E–TB
Network File Transfer Guide	AV–Z785A–TK

You may order replacement binders for your TOPS–10 set using order number 12–13565–00.

Instructions for updating the TOPS–10 Software Notebook Set begin on the next page. Before you begin updating your set, please make sure you have the current level of updates included in the set. You should have 20 binders, and the latest Update Notice in Notebook 1 should have the order number AD–J010A–91. Follow each instruction on the following pages in the order that they are given. As you complete each binder, check its contents by the Contents page at the front of the binder.

INSTRUCTIONS

NOTEBOOK 11:

1. Replace the spine insert and the Contents page with the new ones that are provided in this update package.
2. Remove the TOPS–10/20 Math Library Reference Manual and the Data Interchange Library User Reference Manual from this binder and put them aside. They will be placed into Notebook 12.
3. Replace the tab dividers that remain in this binder with the new tab dividers that are provided.

NOTEBOOK 12:

4. Replace the spine insert and the Contents page with the new ones that are provided in this update package.
5. Remove the CPL–10/20 User's Manual and set it aside. It will be placed into Notebook 10.
6. Place the TOPS–10/20 Math Library Reference Manual at the end of the binder.
7. Place the Data Interchange Library User's Guide after the TOPS–10/20 Math Library Reference Manual.
8. Replace the tab dividers that remain in this binder with the new tab dividers that are provided.

NOTEBOOK 10:

9. Replace the spine insert and the Contents page with the new ones that are provided in this update package.
10. Insert the CPL–10/20 User's Manual, which you removed from Notebook 12 at the end of the binder.
11. Replace the tab dividers that remain in this binder with the new tab dividers that are provided.

NOTEBOOK 14:

12. Replace the spine insert and Contents page with the new ones that are provided in this update package.
13. Replace the TOPS–10 Networks Software Installation Guide with the new TOPS–10 ANF–10 Software Installation Guide.
14. Replace the TOPS–10 DDT11 Manual with the new TOPS–10/20 DDT11 Manual.
15. Replace the tab dividers that remain in this binder with the new tab dividers that are provided.

NOTEBOOK 1:

16. Replace the Title Page and Copyright Page, the first sheet in the binder, with the new one that is provided.
17. Replace the Master Table of Contents with the new one that is provided.
18. Replace the tab dividers that remain in this binder with the new tab dividers that are provided.
19. Insert the Update Notice and these instructions into the section for update notices.

TOPS–10 Software Notebook Set

Update 91

AD–J010A–91

This update to the TOPS–10 Software Notebook Set contains one new binder and the following manuals:

TOPS–10 Operating System Commands Manual	AD–0916D–T2
TOPS–10 Monitor Calls Manual Vol. 1	AA–0974E–TB
TOPS–10 Monitor Calls Manual Vol. 2	AA–K039B–TB
BLISS–36 Pocket Guide	AV–AT45A–TK
BLISS–36 Installation Notes	AA–J937D–TK
BLISS–36 User's Guide	AA–H712D–TK
BLISS Language Guide	AA–H275C–TK
BLISS Language Guide update	AD–H275C–T1
BLISS XPORT Programmer's Guide	AA–J201A–TK
TOPS–10/20 RSX–20F System Reference Manual	AA–BS94A–TK
Data Interchange Library User's Guide	AD–M581A–T1
TOPS–10 Software Installation Guide	AA–P512A–TB
TOPS–10 Operator's Guide	AD–H283A–T5
Stopcode Specification	
TOPS–10 Monitor Tables Descriptions	
DBMS–10 Programmer's Procedures Manual	AA–0901C–TB
DBMS–10 Administrator's Procedures Manual	AA–0899C–TB
Introduction to DECnet	AA–J055D–TK
DECnet–10 Network Generation and Installation Manual	AA–P379A–TB
DECnet–10 User's Guide	AA–L414A–TB
DECnet–10 System Manager's and Operator's Guide	AA–L413A–TB

This update also includes the following material, which is used in the process of updating the Notebook Set:

One binder: 12–13565–00
Update Notice
Update Instructions
Master Table of Contents
Contents pages and spine inserts for Notebooks 1, 5, 6, 7, 8, 9, 14, 15, 16, 17, 18, 19, 20

Tab dividers:

- BLISS–36 Installation
- BLISS–36 User
- BLISS Language Guide
- XPORT Programmer
- TOPS–10 Software Installation
- Supplementary Operators' Reference
- DBMS–10 Programmer
- DBMS–10 Administrator
- Intro to DECnet
- DECnet–10 Installation
- DECnet–10 User
- DECnet–10 System Manager

Instructions for including this material in your notebook set are listed on the following pages. Be sure you have installed all notebook set updates previous to this. Your latest Update Notice in Notebook 1 should have the following SDC order number: AD–J010A–90.

Follow each instruction on the following pages in order. When you have completed all the instructions, check the contents of each binder by the Contents page at the front of the binder. This update will include another binder in your set, bringing the total number of binders to 20.

INSTRUCTIONS

NOTEBOOK 2:

1. Update the TOPS–10 Operating System Commands Manual using the update instructions provided with the manual's update pages.

NOTEBOOK 4:

2. Replace the TOPS–10 Monitor Calls Manual Vol. 1 with the new version.

NOTEBOOK 5:

3. Replace the spine insert and Contents page.
4. Replace the TOPS–10 Monitor Calls Manual Vol. 2 with the new version.
5. Remove the MACRO Assembler Reference Manual and its tab divider. These will be placed into Notebook 6.

NOTEBOOK 6:

6. Replace the spine insert and Contents page.
7. Insert the MACRO Assembler Reference Manual and its tab divider at the end of the binder.

NOTEBOOK 7:

8. Remove the entire contents of the binder, and its spine insert.
9. Place the Hardware Reference Manual and its tab divider after the DECsystem–10/DECSYSTEM–20 Processor Reference Manual in Notebook 6.

   Retain the tab divider for the TOPS–10/TOPS–20 RSX–20F System Reference Manual. You will use it in Notebook 14.

10. Discard the remainder of the contents.

NOTEBOOK 8:

11. Remove the spine insert, replacing it with the new spine insert for Notebook 7. Remove the Contents page, replacing it with the new Contents page for Notebook 7.
12. Remove and discard the AID Conversational Language Manual; AID is no longer supported. However, if any programs on your system run under AID, you should keep this manual for future reference.
13. Remove and discard the BLISS–10 Programmer Reference Manual; it has been superseded by the new BLISS Version 4 manuals.
14. Place the following new manuals and tab dividers at the end of this binder:

    BLISS–36 Installation Notes
    BLISS–36 Users' Guide

NEW NOTEBOOK 8:

15. Place the spine insert and Contents page for Notebook 8 into the free binder from old Notebook 7.

16. Insert the BLISS Language Guide and its tab divider.

    Using the instructions included in the manual's update package, update the BLISS Language Guide.

NOTEBOOK 9:

17. Replace the spine insert and Contents page.

18. Insert the XPORT Programmer's Guide and tab divider at the front of the binder.

NOTEBOOK 11:

19. Update the Data Interchange Library User's Guide, using the instructions provided in the manual's update pages.

NOTEBOOK 14:

20. Replace the spine insert and Contents page.

21. Insert the new version of the TOPS–10/20 RSX–20F System Reference Manual, and the tab divider you saved from the old Notebook 7, immediately after the TOPS–10 Networks Software Installation Guide.

22. Remove and discard the DN92 Remote Station Guide. It was superseded by information in the TOPS–10 Remote Station Guide.

NOTEBOOK 15:

23. Replace the spine insert and Contents page.

24. Remove and discard the TOPS–10 Monitor Installation Guide. However, if you have a TOPS–10 system running on a KA or KI processor, you should keep the Monitor Installation Guide for future reference.

25. Insert the tab divider and manual TOPS–10 Software Installation Guide. Note that this manual supersedes the TOPS–10 Monitor Installation Guide for KL and KS systems.

26. Remove and discard the PCS–10/20 Installation Manual and the PCS–10/20 Reference Manual. PCS–10/20 is no longer supported. However, if any program on your system(s) is written for PCS, you should keep these manuals for future reference.

NOTEBOOK 16:

27. Replace the spine insert and Contents page.

28. Remove the tab divider "Supplementary System Reference" and the specifications following it. Discard the tab divider and the BOOTS specification (BOOTS is no longer supported).

    Save the following specifications for use in Notebook 17:

    BATCON
    KSCOM
    KSFORM
    TWICE

29. Update the TOPS–10 Operator's Guide using the update pages and instructions that are provided.

NOTEBOOK 17:

30. Replace the spine insert and Contents page.

31. Remove and discard the tab divider named "System Administration Reference," and the following specifications:

    ADMCOM
    INITIA
    REACT
    RUNREA

    Refer to the Software Installation Guide for new documentation on these subjects.

32. Insert the tab divider named "Supplementary Operators' Reference" (provided in the update package) and then insert the specifications you removed from Notebook 16. The specifications should be arranged in the following order:

    Supplementary Operator's Reference:

    BATCON
    DSKLST
    DSKRAT
    FACT
    KSCOM
    KSFORM
    TWICE

NOTEBOOK 18:

33. Replace the spine insert and Contents page.

34. Replace the Stopcodes Specification with the new version.

35. Remove the tab divider named System Simulation/Testing and the specifications following it. Place them at the end of Notebook 17.

36. Remove the SOUP Programmer's Reference Manual and its tab divider. Place these at the end of Notebook 15.

37. Place the Monitor Tables Descriptions at end of the notebook.

NOTEBOOK 19:

38. Replace the spine insert and Contents page.

39. Remove the tab divider and TOPS–10/TOPS–20 SPEAR Manual and place them in Notebook 18, at the end of the notebook.

40. Remove Monitor Tables Descriptions and its tab divider. Put the tab divider into Notebook 18, placing it immediately before the new Monitor Tables Descriptions. Discard the old Monitor Tables Descriptions.

41. Remove the tab divider named "Additional System Reference" and the specifications following it. Discard the tab divider, the DAEMON specification, and the LOGIN specification. Both of these specifications are obsolete, and pertinent information can be found elsewhere in the notebook set.

42. Place the remaining specifications (DISKIO, FNDBLK, SCHED, and WILD) into Notebook 17, after the tab divider named "Supplementary Operators' Reference." The specifications in this section should be arranged in the following order (specifications from Notebook 19 are denoted by *).

    Supplementary Operators' Reference:

    BATCON
    DISKIO *
    DSKLST
    DSKRAT
    FACT
    FDNBLK *
    KSCOM
    KDFORM
    SCHED *
    TWICE
    WILD *

43. Place the tab dividers and following manuals into the binder:

    DBMS–10 Programmer's Procedures Manual
    DBMS–10 Administrator's Procedures Manual

NOTEBOOK 20:

44. Place the spine insert and the Contents page for Notebook 20 into the new binder.

45. Place the following manuals and their tab dividers into the binder in the following order:

    Tab divider: Introduction to DECnet
    Introduction to DECnet

    Tab divider: DECnet–10 Installation
    DECnet–10 Installation and Generation Manual

    Tab divider: DECnet–10 Manager and Operator
    DECnet–10 System Manager's and Operators' Guide

    Tab divider: DECnet–10 User
    DECnet–10 User's Guide

NOTEBOOK 1:

46. Replace the spine insert with the new one that is provided.

47. Replace the Master Table of Contents with the new one.

48. Insert Update notice and instructions immediately after the tab divider "Update Notices."

KEEP THIS UPDATE NOTICE IN YOUR MANUAL TO MAINTAIN AN UP-TO-DATE RECORD OF CHANGES.

TYPE AND IDENTIFICATION OF DOCUMENTATION CHANGES.

Five types of changes are used to update documents contained in the TOPS–10 software manuals. Change symbols and notations are used to specify where, when, and why alterations were made to each update page. The five types of update changes and the manner in which each is identified are described in the following table.

The Following Symbols and/or Notations	Identify the Following Types of Update Changes
1. Change bar in outside margin; version number and change date printed at bottom of page.	1. Changes were required by a new version of the software being described.
2. Change bar in outside margin; change date printed at bottom of page.	2. Changes were required to either clarify or correct the existing material.
3. Change date printed at bottom of page.	3. Changes were made for editorial purposes but use of the software is not affected.
4. Bullet (•) in outside margin; version number and change date printed at bottom of page.	4. Data was deleted to comply with a new version of the software being described.
5. Bullet (•) in outside margin; change date printed at bottom of page.	5. Data was deleted to either clarify or correct the existing material.

Update Instructions

INSTRUCTIONS

This package contains the 90th update to the TOPS–10 Software Notebook Set. Included are new manuals and a reference card. To include the new manuals in the notebook set, follow these instructions.

NOTEBOOK 11:

1. Replace the spine insert with the new spine that is provided in this update package.
2. Replace the Contents Page with the new Contents Page provided.
3. Remove the manual entitled Science Library and FORTRAN Utility Subprograms from this binder. You may discard this manual if you have no use for it. It describes software that is no longer sold by DIGITAL.
4. In place of the manual you removed, insert the following new manuals, with their tab dividers:

   TOPS–10/20/VAX–11 FORTRAN Compatibility Manual

   TOPS–10/20 Math Library Reference Manual

NOTEBOOK 18:

1. Replace the spine insert with the new spine provided in the update package.
2. Replace the Contents Page with the new Contents Page.
3. Remove the SYSERR Manual from this binder. You may discard the SYSERR Manual, for the SYSERR program has been replaced by the SPEAR program. SPEAR documentation can be found in Notebook 19.

NOTEBOOK 1:

1. Replace the Master Table of Contents with tne new one that is provided.
2. Insert this update notice and instructions after the tab divider labelled "Update Notice."

KEEP THIS UPDATE NOTICE IN YOUR MANUAL TO MAINTAIN AN UP-TO-DATE RECORD OF CHANGES.

TYPE AND IDENTIFICATION OF DOCUMENTATION CHANGES.

Five types of changes are used to update documents contained in the TOPS–10 software manuals. Change symbols and notations are used to specify where, when, and why alterations were made to each update page. The five types of update changes and the manner in which each is identified are described in the following table.

The Following Symbols and/or Notations	Identify the Following Types of Update Changes
1. Change bar in outside margin; version number and change date printed at bottom of page.	1. Changes were required by a new version of the software being described.
2. Change bar in outside margin; change date printed at bottom of page.	2. Changes were required to either clarify or correct the existing material.

INSTRUCTIONS

This package contains the 89th update to the TOPS–10 Software Notebook Set. Included are both manuals and reference cards. The following instructions should be used to incorporate the manuals into the notebook set.

Update 89 introduces several new manuals to the notebook set. Therefore, a new binder is being incorporated. The following instructions are best accomplished in the specified order.

First, place the spine insert for Notebook 11 into the current binder numbered 11.

Second, place the spine insert for Notebook 12 into the new binder provided in the update package.

Third, place the spine insert for Notebook 13 into the current Notebook 12.

Then continue to the end of the binder set, placing the spine inserts into each binder, noting that the current binder numbers will be increased by 1. In the end, you will have 19 binders.

NOTEBOOK 11:

1. With the numbering scheme thus established, you can begin to incorporate the manuals. In Notebook 11, replace the Contents Page with the new one that is provided.
2. Replace the FORTRAN Language Manual with the new version of this manual that is provided in the update package (order number AA–N383A–TK). Place the new FORTRAN Installation Guide (AA–P345A–TB) and its tab divider (labelled FORTRAN Installation) immediately following the Language Manual.
3. Remove the following manuals and their tab dividers:

   Introduction to IQL
   IQL User's Guide

   Put them aside for a moment. In their place, insert the new DIL User's Guide (AA–M581A–TK) and the appropriate tab divider (labelled DIL User's Guide).

NOTEBOOK 12:

4. In the new binder, place the Contents Page provided. Then place the following manuals and tab dividers into the binder:

   Introduction to IQL
   IQL User's Guide

5. Remove the CPL–10/20 User's Guide and its tab divider from binder 13. Place them at the end of the binder following the IQL User's Guide.

NOTEBOOK 13:

6. Replace the Contents Page with the one provided in the update package. Replace the LINK Reference Manual with the new version provided in the update (AA–0988D–TB).

NOTEBOOK 14:

7. Replace the Contents Page and the IBM Emulation/Termination Manual with the new version that is provided in the update package (AA–D612B–TB).

NOTEBOOKS 15 – 19:

8. Replace the Contents Pages for these binders with the new Contents Pages that are provided.

NOTEBOOK 3:

9. Replace the spine and Contents Page with the new ones that are provided. Place the new DECmail/MS Manual (AA–M840A–TK) and its tab divider into the binder after the SOS Reference Manual.

NOTEBOOK 1:

10. Replace the Master Table of Contents, and put the Update Notice from this update package at the front of the section reserved for Update Notices.

KEEP THIS UPDATE NOTICE IN YOUR MANUAL TO MAINTAIN AN UP-TO-DATE RECORD OF CHANGES.

TYPE AND IDENTIFICATION OF DOCUMENTATION CHANGES.

Five types of changes are used to update documents contained in the TOPS–10 software manuals. Change symbols and notations are used to specify where, when, and why alterations were made to each update page. The five types of update changes and the manner in which each is identified are described in the following table.

The Following Symbols and/or Notations	Identify the Following Types of Update Changes
1. Change bar in outside margin; version number and change date printed at bottom of page.	1. Changes were required by a new version of the software being described.
2. Change bar in outside margin; change date printed at bottom of page.	2. Changes were required to either clarify or correct the existing material.
3. Change date printed at bottom of page.	3. Changes were made for editorial purposes but use of the software is not affected.
4. Bullet (•) in outside margin; version number and change date printed at bottom of page.	4. Data was deleted to comply with a new version of the software being described.
5. Bullet (•) in outside margin; change date printed at bottom of page.	5. Data was deleted to either clarify or correct the existing material.

TOPS–10 Software Notebook Set

Update 89

This update to the TOPS–10 Software Notebook Set contains the following manuals, which may be ordered using the following SDC order numbers:

TOPS–10/TOPS–20 DECmail/MS Manual	AA–M840A–TK
TOPS–10/TOPS–20 FORTRAN Language Manual	AA–N383A–TK
TOPS–10 FORTRAN Installation Guide	AA–P345A–TB
Data Interchange Library User's Guide	AA–M581A–TK
TOPS–10 LINK Reference Manual	AA–0988D–TB
TOPS–10 IBM Emulation/Termination Manual	AA–D612B–TB
TOPS–10/TOPS–20 OPR Reference Card	AV–P380A–TK
TOPS–10/TOPS–20 FORTRAN Reference Card	AV–P529A–TK

The following additional material is also supplied in this update package:

Tab Dividers:
- FORTRAN Installation
- DIL User's Guide
- DECmail/MS Manual

Contents Pages:
- Notebook 3
- Notebooks 11–19

New White Binder

Spines:
- Notebook 3
- Notebooks 11–19

Master Table of Contents

Contents of the Update

Update 88 to the Notebook Set contains the following documents:

1. TOPS–10/TOPS–20 Batch Reference Manual
   plus an update to that manual
2. TOPS–10 Tape Processing Manual
3. TOPS–10 Operator's Command Language Reference Manual
4. TOPS–10/TOPS–20 USAGE File Specification
   plus an update to that document
5. TOPS–10/TOPS–20 COBOL Conversion Utility Guide
   plus several other revisions and updates

The instructions for inserting this update start on the following page.

Copyright ©, 1982, Digital Equipment Corporation.

INSTRUCTIONS
AD–J010A–88

New spine inserts have been provided for all the binders in the notebook set. In addition, a new binder has been provided. It is important that you follow these instructions carefully to ensure that you update your notebook set correctly.

First, replace the spine inserts for Notebooks 1 through 16 with the spine inserts for 1 through 16 that are provided.

Second, place the spine insert for Notebook 17 into the new binder provided in this update package.

Third, replace the spine insert in old Notebook 17 with the new spine insert number 18.

Now you can update the notebooks in the following order:

NOTEBOOK 2

1. Replace the Contents Page with the new one that is provided.
2. Update the TOPS–10 Operating System Commands Manual with the instructions provided.
3. Place the new TOPS–10/TOPS–20 Batch Reference Manual and its tab divider at the end of the notebook.
4. Update the Batch Reference Manual with the update package that is provided.

NOTEBOOK 4

1. Replace the Contents Page with the new one that is provided.
2. Remove the following manuals:

   GALAXY Batch Reference Manual
   GALAXY Operations and System Programming Procedures

   These manuals may be discarded, because the same information for GALAXY 4.1 can be found in the TOPS–10/TOPS–20 Batch Reference Manual, which you placed into Notebook 2.
3. Remove and set aside the BATCON Specification and its divider. It will be placed in Notebook 15 later.
4. Place the TOPS–10 Tape Processing Manual and its tab divider after the Monitor Calls Manual (Volume 1).

NOTEBOOK 9

1. Replace the Contents Page with the new one that is provided.
2. Place the TOPS–10/TOPS–20 COBOL Conversion Utility Guide and its tab divider after the COBOL–68 Language Manual.

NOTEBOOK 13

1. Replace the Contents Page with the new one that is provided.
2. Remove the TOPS–10 DN200 Remote Station Guide and its tab divider. In its place, insert the TOPS–10 Remote Station Guide and tab divider that are provided. You may discard the DN200 Remote Station Guide because the information is provided in the TOPS–10 Remote Station Guide.

July 1982

NOTEBOOK 14

Update the TOPS–10 Monitor Installation Guide with the update package that is provided.

NOTEBOOK 15

1. Replace the Contents Page with the new one that is provided.
2. Update the TOPS–10 Operator's Guide with the update package that is provided.
3. Place the BATCON Specification and its divider (which you removed from Notebook 4) immediately after the tab divider named "Supplementary Operator's Reference."

NOTEBOOK 16

1. Replace the Contents Page with the new one that is provided.
2. Remove the following documents from this notebook:

   TOPS–10 Crash Analysis Guide
   TOPS–10/TOPS–20 SYSERR Manual
   STOPCD Specification
   Tab divider: System Simulation/Testing
   MONTST Specification
   MULTI Specification
   SCRIPT Specification
   SIMPKG Specification

   Put these documents aside. They will be placed in the new Notebook 17.
3. Place the new TOPS–10 Operator's Command Language Reference Manual and its tab divider at the front of notebook.
4. Place the new TOPS–10/TOPS–20 USAGE File Specification and its tab divider after the TOPS–10 Operator's Command Language Reference Manual.
5. Update the TOPS–10/TOPS–20 USAGE File Specification with the update package that is provided.
6. Replace the tab divider named Supplementary System Support with the new tab divider System Administration Reference.
7. Replace the INITIA Specification with the revised INITIA Specification that is provided.
8. Replace the REACT and RUNREA Specifications with the REACT Specification that is provided.

   You may discard the old INITIA, REACT, and RUNREA Specifications. That information is provided in the new specifications.
9. Remove the SOUP Programmer's Reference Manual and put it aside. It will be placed in the new Notebook 17.

NOTEBOOK 17

1. Place the new Contents Page in this new notebook.
2. Place the material that you removed from Notebook 16 into this notebook. The documents that you should place in Notebook 17 are, in the correct order:

   TOPS–10 Crash Analysis Guide
   TOPS–10/TOPS–20 SYSERR Manual
   STOPCD Specification
   Tab divider: System Simulation/Testing
   MONTST Specification
   MULTI Specification
   PERF Specification
   SCRIPT Specification
   SIMPKG Specification
   SOUP Programmer's Reference Manual

NOTEBOOK 18

1. Replace the Contents Page with the new one that is provided.

NOTEBOOK 1

1. Replace the Master Table of Contents with the new one provided.
2. Place the update notice for this Notebook Set Update into the front of the section reserved for update notices.

KEEP THIS UPDATE NOTICE IN YOUR MANUAL TO MAINTAIN AN UP-TO-DATE RECORD OF CHANGES.

TYPE AND IDENTIFICATION OF DOCUMENTATION CHANGES.
Five types of changes are used to update documents contained in the TOPS–10 software manuals. Change symbols and notations are used to specify where, when, and why alterations were made to each update page. The five types of update changes and the manner in which each is identified are described in the following table.

The Following Symbols and/or Notations	Identify the Following Types of Update Changes
1. Change bar in outside margin; version number and change date printed at bottom of page.	1. Changes were required by a new version of the software being described.
2. Change bar in outside margin; change date printed at bottom of page.	2. Changes were required to either clarify or correct the existing material.
3. Change date printed at bottom of page.	3. Changes were made for editorial purposes but use of the software is not affected.
4. Bullet (•) in outside margin; version number and change date printed at bottom of page.	4. Data was deleted to comply with a new version of the software being described.
5. Bullet (•) in outside margin; change date printed at bottom of page.	5. Data was deleted to either clarify or correct the existing material.

REFERENCE CARDS

1. This update includes the following new reference cards:

   TOPS–10/20 DDT Reference Card (AV–M272A–TK)
   TOPS–10/20 SPEAR Reference Card (AV–M752A–TK)

NOTEBOOK 6

1. Using the Update Notice to the DECsystem–10/DECSYSTEM–20 Processor Reference Manual as a guide, replace the appropriate pages in the Processor Manual (AA–H391A–TK) with the ones included in the update.

NOTEBOOK 14

1. Using the Update Notice to the TOPS–10 Monitor Installation Guide as a guide, replace the appropriate pages in the Installation Guide (AA–5056B–TB) with the ones included in the update.

NOTEBOOK 15

1. Using the Update Notice to the TOPS–10 Operator's Guide as a guide, replace the appropriate pages in the Operator's Guide (AA–H283A–TB) with the ones included in the update.

NOTEBOOK 17

1. Replace the spine insert for Notebook 17 with the revised one included in this update.
2. Replace the Contents Page for Notebook 17 with the revised one included in this update.
3. Insert both the divider labeled SPEAR and the manual of the same name (AA–J833A–TK) immediately after the Contents Page.
4. Remove and discard the FILDAE Specification and its divider. This information is now in the TOPS–10 Monitor Calls Manual, Volume 2.

NOTEBOOK 1

1. Replace the Master Table of Contents with the revised one included in this update.
2. Insert this update notice immediately after the divider labeled Update Notices.

KEEP THIS UPDATE NOTICE IN YOUR MANUAL TO MAINTAIN AN UP-TO-DATE RECORD OF CHANGES.

TYPE AND IDENTIFICATION OF DOCUMENTATION CHANGES.

UPDATE NOTICE

TOPS–10
SOFTWARE NOTEBOOKS
(AD–J010A–82)

This update consists of six packages of new and revised manuals, and includes instructions for the incorporation of all six packages. The packages are numbered from 1 to 6. It is very important that you follow the instructions. Do not go on to the next package until the instructions tell you to. At the top of each package is a list of the manuals that are in the package.

The instructions for inserting this update begin on the next page.

SOFTWARE NOTEBOOKS

Update Material

(AD-J010A-81)

The 81st distribution of update material for the TOPS-10 SOFTWARE NOTEBOOKS consists of the following items:

1. This update notice, which includes the SOFTWARE NOTEBOOKS Comment Card
2. A revised Table of Contents for Notebook 10
3. A new divider labeled INTRODUCTION TO IQL
4. A new TOPS-10/TOPS-20 Introduction to Interactive Query Language Manual
5. A revised Master Table of Contents
6. A revised list of TOPS-10 manuals available from the SDC (Software Distribution Center)

INSTRUCTIONS FOR NOTEBOOK 10

1. Replace the existing Table of Contents with the revised one supplied in this update.
2. Insert the new divider labeled INTRODUCTION TO IQL immediately before the divider labeled IQL USER'S GUIDE.
3. Insert the new TOPS-10/TOPS-20 Introduction to Interactive Query Language Manual immediately after its divider.

INSTRUCTIONS FOR NOTEBOOK 1

1. Replace the existing Master Table of Contents with the revised one supplied in this update.
2. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES.

For your convenience, a SOFTWARE NOTEBOOKS Comment Card and a list of TOPS-10 manuals available from the SDC (Software Distribution Center) have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

SOFTWARE NOTEBOOKS

Update Material

(AD-J010A-80)

The 80th distribution of update material for the TOPS-10 SOFTWARE NOTEBOOKS consists of the following items:

1. This update notice, which includes the SOFTWARE NOTEBOOKS Comment Card
2. Spine inserts for Notebooks 9, 12, 13, 14, 15, and 16
3. A new divider labeled COBOL-74
4. A CPL-10/20 User's Manual and its tabbed divider
5. A Table of Contents for Notebook 9
6. A Table of Contents for Notebook 12
7. A Table of Contents for Notebook 13
8. A Table of Contents for Notebook 14
9. A Table of Contents for Notebook 15
10. A Table of Contents for Notebook 16
11. A revised Master Table of Contents
12. A revised list of TOPS-10 manuals available from the Software Distribution Center

INSTRUCTIONS FOR NOTEBOOK 9

1. Replace the spine with the one supplied in this update.
2. Replace the Table of Contents with the one supplied in this update.
3. Insert the new tabbed divider COBOL-74 immediately behind the Table of Contents.
4. Insert the CPL-10/20 User's Manual and its tabbed divider at the back of the Notebook.

INSTRUCTIONS FOR NOTEBOOK 12

1. Replace the spine with the new one supplied in this update.
2. Replace the Table of Contents with the one supplied in this update.

3. Remove and discard the following specifications and their dividers:

ALCFIL	GRIPE
CDRSTK	HELPER
CHKPNT	LIPS
DIRECT	LOOKFL
DATDMP	MULTI
DUMP	MTASRX
ERROR	
FAILCD	
FILTST	

Be sure to check with your System Administrator before discarding these documents.

4. Remove and set aside the following specifications and their dividers:

LOKUUO through MONERR

5. Place the PCS-10/20 Project Control System Reference Manual and its tabbed divider (from Notebook 15) immediately behind the Table of Contents for Notebook 12.

INSTRUCTIONS FOR NOTEBOOK 13

1. Replace the spine with the new one supplied in this update.

2. Replace the Table of Contents with the new one supplied in this update.

3. Remove and discard the following specifications and their dividers:

NEW602	Be sure to check with your System Administrator before discarding these documents.
RIBEXT	
RUNOFF	
SCNSER	
SETSRC	
SYSMSG	

4. Remove and set aside the SYSERR manual and its divider.

5. Place the LOKUUO, METER, and MONERR specifications and their dividers, which were set aside from Notebook 12, into Notebook 13 immediately behind the Table of Contents.

INSTRUCTIONS FOR NOTEBOOK 14

1. Replace the spine with the new one supplied in this update.

2. Replace the Table of Contents with the new one supplied in this update.

3. Remove and set aside the contents of this notebook beginning with the IBM DN61 tabbed divider through to the end of the Notebook.

4. Place the TOPS-10 Monitor Installation Guide for the DECSYSTEM-2020 and its tabbed divider (from Notebook 16) immediately behind the Networks Software Installation Guide.

5. Place the PCS Installation Guide and its tabbed divider (from Notebook 15) immediately behind the TOPS-10 Monitor Installation Guide for the DECSYSTEM-2020.

6. Place the SYSERR Manual and its divider (set aside from Notebook 13) immediately behind the PCS Installation Guide.

INSTRUCTIONS FOR NOTEBOOK 15

1. Replace the spine with the new one supplied in this update.

2. Replace the Table of Contents with the new one supplied in this update.

3. Remove and set aside the Operator's Supplementary Procedures and their dividers.

4. Insert the TOPS-10 Operator's Guide for the DECSYSTEM-2020 and its divider (from Notebook 16) immediately behind the KL Series Operator's Guide.

INSTRUCTIONS FOR NOTEBOOK 16

1. Replace the spine with the new one supplied in this update.

2. Replace the Table of Contents with the one supplied in this update.

3. Place the following documents and their tabs in the order specified beginning immediately behind the Table of Contents:

   a. IBM Emulation/Termination DN61 and its divider (set aside from Notebook 14).

   b. Crash Analysis Guide and its divider (set aside from Notebook 14).

   c. The Maintenance Documentation tab (set aside from Notebook 14).

   d. The Monitor Table Descriptions and its divider (set aside from Notebook 14).

   e. The tabbed divider labeled Supplementary Operator's Procedures (set aside from Notebook 15).

   f. The ADCOM, MEMPAR, RUNREA, SYSINF, and TWICE procedures and their dividers (set aside from Notebook 15).

   g. The tabbed divider labeled System Programming Procedures and Techniques (set aside from Notebook 14).

   h. The BACKUP, CHK11, DMPREF, FILDDT, FNDBLK, GUIDES TO 6.01, MONTST, MULTI, and PATMON procedures and their tabs (set aside from Notebook 14).

INSTRUCTIONS FOR NOTEBOOK 1

1. Replace the Master Table of Contents with the one supplied in this update.

2. Insert this Update Notice immediately behind the tab labeled UPDATE NOTICES.

For your convenience, a SOFTWARE NOTEBOOKS Comment Card and a list of TOPS-10 manuals available from the SDC (Software Distribution Center) have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

SOFTWARE NOTEBOOKS

Update Material

(AD-J010A-79)

The 79th distribution of update material for the TOPS-10 SOFTWARE NOTEBOOKS consists of the following items:

1. This update notice, which includes the Reader's Comment Card
2. A revised Table of Contents for Notebook 8
3. A cover sheet for the TOPS-10/TOPS-20 COBOL-68 Language Manual
4. Update pages for the TOPS-10/TOPS-20 COBOL-68 Language Manual (AD-5057A-T1)
5. A revised Master Table of Contents
6. A revised list of TOPS-10 manuals available from the Software Distribution Center

INSTRUCTIONS FOR NOTEBOOK 8

1. Replace the existing Table of Contents with the revised one supplied in this update.
2. Using the cover sheet as a guide, replace the existing pages of the DECsystem-10 COBOL-68 Language Manual (AA-5057A-TK) with the revised ones supplied in this update.
3. Remove and discard the DECsystem-10 COBOL User's Guide (DEC-10-LCUGA-B-D) and its divider.
4. Remove and discard the DECsystem-10 COBOL Utilities Manual (DEC-10-LCUTA-A-D) and its divider.

INSTRUCTIONS FOR NOTEBOOK 1

1. Replace the existing Master Table of Contents with the revised one supplied in this update.
2. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES.

For your convenience, A SOFTWARE NOTEBOOKS Comment Card and a list of TOPS-10 manuals available from the Software Distribution Center have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

TOPS-10
SOFTWARE NOTEBOOKS COMMENT CARD

Do you have any suggestions to improve the organization of the TOPS-10 Software Notebooks ? If so, please specify.

Are there any other manuals which you would like to see within the Software Notebooks? If so, please specify the names of those manuals.

Are there any manuals within the Software Notebooks that you feel should be deleted? If so, please specify the names of those manuals.

Are you missing any pages from your Software Notebooks? If so, please specify the missing page numbers.

Please indicate the type of user/reader that you most nearly represent

- ☐ Assembly language programmer
- ☐ Higher-level language programmer
- ☐ Occasional programmer (experienced)
- ☐ User with little programming experience
- ☐ Student programmer
- ☐ Non-programmer interested in computer concepts and capabilities

SOFTWARE NOTEBOOKS

Update Material

(AD-J010A-78)

The 78th distribution of update material for the TOPS-10 SOFTWARE NOTEBOOKS consists of the following items:

1. Spine inserts for Notebooks 3, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 16
2. This update notice, which includes the Reader's Comment Card
3. A revised Table of Contents for Notebook 16
4. A cover sheet for the TOPS-10 Monitor Installation Guide for the DECSYSTEM-2020
5. Update pages for the TOPS-10 Monitor Installation Guide for the DECSYSTEM-2020 (AD-D978A-T1)
6. A revised TOPS-10 Documentation Directory (AA-0858C-TB)
7. A revised Master Table of Contents
8. A revised list of TOPS-10 manuals available from the SDC (Software Distribution Center)

INSTRUCTIONS FOR NOTEBOOK 16

1. Replace the existing Table of Contents with the revised one supplied in this update.
2. Using the cover sheet as a guide, replace the existing pages of the TOPS-10 Monitor Installation Guide for the DECsystem-2020 with the revised ones supplied in this update.

INSTRUCTIONS FOR NOTEBOOK 1

1. Replace the existing TOPS-10 Documentation Directory with the revised one supplied in this update.
2. Replace the existing Master Table of Contents with the revised one supplied in this update.
3. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES.

For your convenience, A SOFTWARE NOTEBOOKS Comment Card and a list of TOPS-10 manuals available from the SDC (Software Distribution Center) have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

SOFTWARE NOTEBOOKS

Update Material

AD-J010A-77

The 77th distribution of update material for the TOPS-10 SOFTWARE NOTEBOOKS consists of the following items:

1. This update notice (which includes the Reader's Comment Card)
2. A Table of Contents for Notebook 12
3. A new divider labeled KSCOM
4. A new KSCOM Microprocessor Commands and Messages Specification
5. A revised Title Page for the TOPS-10 Software Notebook Set
6. A revised Master Table of Contents
7. A revised list of TOPS-10 manuals available from the SDC (Software Distribution Center)

INSTRUCTIONS FOR NOTEBOOK 12

1. Replace the existing Table of Contents with the revised one supplied in this update.
2. Insert the new divider labeled KSCOM immediately before the divider labeled KSFORM.
3. Insert the new KSCOM Microprocessor Commands and Messages Specification immediately after its divider.

INSTRUCTIONS FOR NOTEBOOK 1

1. Replace the existing Title Page for the TOPS-10 Software Notebook Set with the revised one supplied in this update.
2. Replace the existing Master Table of Contents with the revised one supplied in this update.
3. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES.

For your convenience, A SOFTWARE NOTEBOOKS Comment Card and a list of TOPS-10 manuals available from the SDC (Software Distribution Center) have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

DECsystem-10
SOFTWARE NOTEBOOKS COMMENT CARD

Do you have any suggestions to improve the organization of the DECsystem-10 Software Notebooks? If so, please specify.

Are there any other manuals which you would like to see within the Software Notebooks? If so, please specify the names of those manuals.

Are there any manuals within the Software Notebooks that you feel should be deleted? If so, please specify the names of those manuals.

Are you missing any pages from your Software Notebooks? If so, please specify the missing page numbers.

Please indicate the type of user/reader that you most nearly represent

- ☐ Assembly language programmer
- ☐ Higher-level language programmer
- ☐ Occasional programmer (experienced)
- ☐ User with little programming experience
- ☐ Student programmer
- ☐ Non-programmer interested in computer concepts and capabilities

SOFTWARE NOTEBOOKS

Update Material

(AD-J010A-76)

The 76th distribution of update material for the TOPS-10 SOFTWARE NOTEBOOKS consists of the following items:

1. New spine inserts for Notebooks 3, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 16
2. This update notice, which includes the Reader's Comment Card
3. A new COBOL-74 Language Manual (AA-5059A-TK)
4. A Table of Contents for Notebook 10
5. A Table of Contents for Notebook 11
6. A Table of Contents for Notebook 12
7. A new divider labeled KSFORM
8. A new KS-10 Disk Formatter Specification
9. A Table of Contents for Notebook 13
10. A Table of Contents for Notebook 14
11. A Table of Contents for Notebook 15
12. A Table of Contents for Notebook 16
13. A new divider labeled 2020 INSTALLATION GUIDE
14. A new TOPS-10 Monitor Installation Guide for the DECSYSTEM-2020 (AA-D978A-TB)
15. A new divider labeled 2020 OPERATOR'S GUIDE
16. A new TOPS-10 Operator's Guide for the DECSYSTEM-2020 (AA-D979A-TB)
17. A revised Master Table of Contents
18. A revised list of TOPS-10 manuals available from the SDC (Software Distribution Center)

INSTRUCTIONS

1. Arrange your Software Notebooks in numerical order (1-14)
2. Insert one of the new binders between Notebook 8 and Notebook 9
3. Insert the other new binder at the end of the set.
4. Remove spine inserts 9-14.
5. Insert the new spine inserts 9-16.

INSTRUCTIONS FOR NOTEBOOK 9

Insert the new COBOL-74 Language Manual.

INSTRUCTIONS FOR NOTEBOOK 10

Replace the existing Table of Contents with the revised one supplied in this update.

INSTRUCTIONS FOR NOTEBOOK 11

Replace the existing Table of Contents with the revised one supplied in this update.

INSTRUCTIONS FOR NOTEBOOK 12

1. Replace the existing Table of Contents with the revised one supplied in this udpate.
2. Insert the new divider labeled KSFORM immediately before the divider labeled LIPS.
3. Insert the new KS-10 Disk Formatter Specification immediately after its divider.

INSTRUCTIONS FOR NOTEBOOK 13

Replace the existing Table of Contents with the revised one supplied in this update.

INSTRUCTIONS FOR NOTEBOOK 14

Replace the existing Table of Contents with the revised one supplied in this update.

INSTRUCTIONS FOR NOTEBOOK 15

Replace the existing Table of Contents with the revised one supplied in this update.

INSTRUCTIONS FOR NOTEBOOK 16

1. Insert the new Table of Contents.

2. Insert the new divider labeled 2020 INSTALLATION GUIDE immediately after the Table of Contents.

3. Insert the new TOPS-10 Monitor Installation Guide for the DECSYSTEM-2020 immediately after its divider.

4. Insert the new divider labeled 2020 OPERATOR'S GUIDE immediately after the TOPS-10 Monitor Installation Guide for the DECSYSTEM-2020.

5. Insert the new TOPS-10 Operator's Guide for the DECSYSTEM-2020 immediately after its divider.

INSTRUCTIONS FOR NOTEBOOK 1

1. Replace the existing Master Table of Contents with the revised one supplied in this update.

2. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES.

For your convenience, A SOFTWARE NOTEBOOKS Comment Card and a list of TOPS-10 manuals available from the SDC (Software Distribution Center) have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

DECsystem-10
SOFTWARE NOTEBOOKS COMMENT CARD

Do you have any suggestions to improve the organization of the DECsystem-10 Software Notebooks? If so, please specify.

Are there any other manuals which you would like to see within the Software Notebooks? If so, please specify the names of those manuals.

Are there any manuals within the Software Notebooks that you feel should be deleted? If so, please specify the names of those manuals.

Are you missing any pages from your Software Notebooks? If so, please specify the missing page numbers.

Please indicate the type of user/reader that you most nearly represent

- ☐ Assembly language programmer
- ☐ Higher-level language programmer
- ☐ Occasional programmer (experienced)
- ☐ User with little programming experience
- ☐ Student programmer
- ☐ Non-programmer interested in computer concepts and capabilities

SOFTWARE NOTEBOOKS

Update Material

(AD-5490A-RB)

The 75th distribution of update material for the TOPS-20 SOFTWARE NOTEBOOKS consists of the following items:

1. This update notice (which includes the Reader's Comment Card)

2. A revised Table of Contents for Notebook 9

3. A new tab divider labeled IQL USER'S GUIDE

4. A new TOPS-10/TOPS-20 Interactive Query Language User's Guide (AA-H282A-TK)

5. A revised Table of Contents for Notebook 12

6. A new divider labeled RSX-20F

7. A new RSX-20F System Specifications (AA-H213A-TK)

8. A revised Master Table of Contents

10. A revised list of TOPS-10 manuals available from the SDC (Software Distribution Center)

INSTRUCTIONS FOR NOTEBOOK 9

1. Replace the existing Table of Contents with the revised one supplied in this update.

2. Insert the new tab divider labeled IQL USER'S GUIDE immediately before the tab divider labeled CREF.

3. Insert the new TOPS-10/TOPS-20 Interactive Query Language User's Guide immediately after its tab divider.

INSTRUCTIONS FOR NOTEBOOK 12

1. Replace the existing Table of Contents with the revised one supplied in this update.

2. Insert the new divider labeled RSX-20F immediately before the divider labeled RTTRP.

3. Insert the new RSX-20F System Specifications immediately after its divider.

INSTRUCTIONS FOR NOTEBOOK 1

1. Replace the existing Master Table of Contents with the revised one supplied in this update.

2. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES.

For your convenience, A SOFTWARE NOTEBOOKS Comment Card and a list of TOPS-10 manuals available from the SDC (Software Distribution Center) have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

SOFTWARE NOTEBOOKS

Update Material

(AD-5489A-RB)

This distribution of update material for the TOPS-10 SOFTWARE NOTEBOOKS consists of the following items:

1. A new set of spine inserts for all 14 Notebooks
2. A new three-ring binder
3. This update notice (which includes the Reader's Comment Card)
4. A Table of Contents for Notebook 2
5. A cover sheet for the Networks Programmer's Guide and Reference Manual
6. Update pages for the Networks Programmer's Guide and Reference Manual (DEC-10-ONPGA-A-DN1)
7. A tab divider labeled DN200 Remote Station Guide
8. A new manual, DN200 Remote Station Guide (AA-D783A-TB)
9. A Table of Contents for Notebook 3
10. A tab divider labeled TECO REFERENCE MANUAL
11. A Table of Contents for Notebook 4
12. A Table of Contents for Notebook 7
13. A Table of Contents for Notebook 8
14. A Table of Contents for Notebook 9
15. A tab divider labeled SCIENCE LIBRARY
16. A Table of Contents for Notebook 10
17. A Table of Contents for Notebook 11
18. A tab divider labeled F40
19. A Table of Contents for Notebook 12
20. A revised STOPCODES Specification

21. A Table of Contents for Notebook 13

22. A cover sheet for the Networks Software Installation Guide

23. Update pages for the Networks Software Installation Guide (AD-5156C-T1)

24. A tab divider labeled CRASH ANALYSIS GUIDE

25. A new manual, Crash Analysis Guide (AA-H206A-TB)

26. A Table of Contents for Notebook 14

27. A revised Title Page for the Notebook Set

28. A revised Master Table of Contents

29. A revised Documentation Directory (AA-D858B-TB)

30. A revised list of TOPS-10 manuals available from the SDC (Software Distribution Center)

INSTRUCTIONS

1. Arrange your Software Notebooks in numerical order (1-13).

2. Insert the new binder between Notebook 2 and Notebook 3.

3. Remove all the spine inserts (1-13).

4. Insert the new spine inserts (1-14).

INSTRUCTIONS FOR NOTEBOOK 2

1. Remove the SOS Reference Manual and its divider and set them aside.

2. Insert the new Table of Contents (supplied in this update).

3. Remove the following manuals and their dividers from Notebook 4 and insert them in this Notebook (2) behind the Operating System Commands Manual:

   Networks Programmer's Guide and Reference Manual
   DN92 Remote Station User's Guide

4. Using the cover sheet as a guide, replace the existing pages of the Networks Programmer's Guide and Reference Manual with the revised ones supplied in this update.

5. Insert the new tab divider labeled DN200 Remote Station Guide at the back of the Notebook.

6. Insert the new DN200 Remote Station Guide immediately after its tab divider.

INSTRUCTIONS FOR NOTEBOOK 3

1. Insert the tab divider labeled SOS REFERENCE MANUAL that you set aside from Notebook 2.

2. Insert the SOS Reference Manual immediately after its tab divider.

3. Remove the Introduction to TECO Manual and its divider from Notebook 1.

4. Insert the tab divider labeled TECO immediately before the tab divider labeled SOS REFERENCE MANUAL.

5. Insert the Introduction to TECO Manual immediately after its tab divider.

6. Remove the TECO Reference Manual from Notebook 10.

7. Insert the new tab divider labeled TECO REFERENCE MANUAL (supplied in this update) immediately before the tab divider labeled SOS REFERENCE MANUAL.

8. Insert the TECO Reference Manual immediately after its tab divider.

9. Remove the SOS User's Guide and its tab divider from Notebook 10.

10. Insert the tab divider labeled SOS USER'S GUIDE immediately before the tab divider labeled SOS REFERENCE MANUAL.

11. Insert the SOS User's Guide immediately after its tab divider.

INSTRUCTIONS FOR NOTEBOOK 4

Insert the new Table of Contents.

INSTRUCTIONS FOR NOTEBOOK 7

Insert the new Table of Contents.

INSTRUCTIONS FOR NOTEBOOK 8

Insert the new Table of Contents.

INSTRUCTIONS FOR NOTEBOOK 9

1. Insert the new Table of Contents.

2. Remove the FORTRAN IV (F40) Programmer's Reference Manual and set it aside.

3. Insert the new tab divider labeled SCIENCE LIBRARY (supplied in this update) immediately after the FORTRAN-10 Programmer's Reference Manual.

INSTRUCTIONS FOR NOTEBOOK 10

1. Insert the new Table of Contents.

2. Remove and discard the Remote Station User's Guide. You might want to retain a copy of this document for your files.

INSTRUCTIONS FOR NOTEBOOK 11

1. Replace the existing Table of Contents with the revised one supplied in this update.

2. Insert the new divider labeled F40 (supplied in this update) immediately before the divider labeled FACT.

3. Insert the FORTRAN IV Programmer's Reference Manual immediately after its divider.

4. Remove and discard FAILSA and its divider. This is no longer a DECsystem-10 supported product. It has been superseded by BACKUP. You might want to retain a copy of this manual for your files.

INSTRUCTIONS FOR NOTEBOOK 12

1. Replace the existing Table of Contents with the new one supplied in this update.

2. Replace the existing STOPCD Specification with the revised one supplied in this update.

3. Remove and discard the UUOPRV Specification and its divider. Note that all privileged monitor calls are described in the DECsystem-10 Monitor Calls Manual. You might want to retain a copy of this document for your files.

INSTRUCTIONS FOR NOTEBOOK 13

1. Replace the existing Table of Contents with the new one supplied in this update.

2. Using the cover sheet as a guide, replace the existing pages of the Networks Software Installation Guide with the revised ones supplied in this update.

3. Insert the tab divider labeled CRASH ANALYSIS GUIDE (supplied in this update) immediately before the tab divider labeled MAINTENANCE DOCUMENTATION.

4. Insert the new manual Crash Analysis Guide immediately after its tab divider.

INSTRUCTIONS FOR NOTEBOOK 14

1. Replace the existing Table of Contents with the new one supplied in this update.

2. Remove and discard the GETMON Specification and its divider. The information in GETMON is duplicated in the Monitor Installation Guide. You might want to retain a copy of this document for your files.

3. Remove and discard the ONCE Specification and its divider. The information in ONCE is duplicated in the Monitor Installation Guide. You might want to retain a copy of this document for your files.

INSTRUCTIONS FOR NOTEBOOK 1

1. Replace the existing Title Page with the revised one supplied in this update.

2. Replace the existing Master Table of Contents with the revised one supplied in this update.

3. Replace the existing Documentation Directory with the revised one supplied in this update.

4. Remove and discard Update Notices up to Update Notice #71.

5. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES.

For your convenience, A SOFTWARE NOTEBOOK Comment Card and a list of TOPS-10 manuals available from the SDC (Software Distribution Center) have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

TOPS-10
SOFTWARE NOTEBOOKS COMMENT CARD

Do you have any suggestions to improve the organization of the TOPS-10 Software Notebooks? If so, please specify.

Are there any other manuals which you would like to see within the Software Notebooks? If so, please specify the names of those manuals.

Are there any manuals within the Software Notebooks that you feel should be deleted? If so, please specify the names of those manuals.

Are you missing any pages from your Software Notebooks? If so, please specify the missing page numbers.

Please indicate the type of user/reader that you most nearly represent

- ☐ Assembly language programmer
- ☐ Higher-level language programmer
- ☐ Occasional programmer (experienced)
- ☐ User with little programming experience
- ☐ Student programmer
- ☐ Non-programmer interested in computer concepts and capabilities

DECsystem-10

SOFTWARE NOTEBOOKS

Update Material

(AD-5488A-RB)

This distribution of update material for the DECsystem-10 SOFTWARE NOTEBOOKS consists of the following items:

1. A spine insert for Notebook 3.
2. A spine insert for Notebook 12.
3. This update notice (which includes the Reader's Comment Card).
4. A tab divider labeled GETTING STARTED WITH BATCH.
5. A new manual, TOPS-10 Getting Started With Batch (AA-D303A-TB).
6. A revised Table of Contents for Notebook 12.
7. A tab divider labeled IBM DN61:2780/3780.
8. A new manual, IBM Emulation/Termination DN61:2780/3780 (AA-D612A-TB).
9. A revised Table of Contents for Notebook 13.
10. A cover sheet for the DECsystem-10 Operator's Guide (KL Series).
11. Update pages for the DECsystem-10 Operator's Guide (KL Series) (AD-5104A-T4).
12. A cover sheet for the DECsystem-10 Documentation Directory.
13. Update pages for the DECsystem-10 Documentation Directory (DEC-10-OXDDA-A-DN3).
14. A revised Master Table of Contents.
15. A revised list of DECsystem-10 manuals available from the SDC (Software Distribution Center).

INSTRUCTIONS FOR NOTEBOOK 3

1. Insert the new spine.
2. Insert the new tab divider labeled GETTING STARTED WITH BATCH immediately before the tab divider labeled GALAXY BATCH REFERENCE MANUAL.

3. Insert the new manual, TOPS-10 Getting Started With Batch immediately after its tab divider.

INSTRUCTIONS FOR NOTEBOOK 12

1. Insert the new spine.

2. Remove and discard the tab divider labeled MONITOR COURSE MATERIALS.

3. Replace the existing Table of Contents with the revised one supplied in this update.

4. Insert the new tab divider labeled IBM DN61:2780/3780 immediately before the tab divider labeled SYSTEM PROGRAMMING PROCEDURES AND TECHNIQUES.

5. Insert the new manual, IBM Emulation/Termination DN61:2780/3780 immediately after its tab divider.

INSTRUCTIONS FOR NOTEBOOK 13

1. Replace the existing Table of Contents with the revised one supplied in this update.

2. Using the cover sheet as a guide, replace the existing pages of the DECsystem-10 Operator's Guide (KL Series) with the revised ones supplied in this update.

INSTRUCTIONS FOR NOTEBOOK 1

1. Using the cover sheet as a guide, replace the existing pages of the DECsystem-10 Documentation Directory with the revised ones supplied in this update.

2. Replace the existing Master Table of Contents with the revised one supplied in this update.

3. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES. This is the seventy-third notice to be added to that section.

For your convenience, A software Notebook Comment Card and a list of DECsystem-10 manuals available from the SDC (Software Distribution Center) have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

DECsystem-10

SOFTWARE NOTEBOOKS

Update Material

(AD-5487A-RB)

This distribution of update material for the DECsystem-10 SOFTWARE NOTEBOOKS consists of the following items:

1. A spine insert for Notebook 11.
2. This update notice (which includes the Reader's Comment Card).
3. A revised Table of Contents for Notebook 11.
4. A new tab divider labeled SYSERR Manual.
5. A new manual, TOPS-10 and TOPS-20 SYSERR Manual (AA-D533A-TK).
6. A revised Master Table of Contents.
7. A revised list of DECsystem-10 manuals available from the SDC (Software Distribution Center).

INSTRUCTIONS FOR NOTEBOOK 11

1. Replace the existing Table of Contents with the revised one supplied in this update.
2. Remove the SYSERR Specification and its divider.
3. Insert the tab divider labeled SYSERR Manual at the end of the Notebook.
4. Insert the new TOPS-10 and TOPS-20 Manual immediately after its tab divider.

INSTRUCTIONS FOR NOTEBOOK 1

1. Replace the existing Master Table of Contents with the revised one supplied in this udpate.
2. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES. This is the seventy-second notice to be added to that section.

For your convenience, A Software Notebook Comment Card and a list of DECsystem-10 manuals available from the SDC (Software Distribution Center) have been included as part of this update notice. You can insert them into Notebook 1 along with this notice.

DECsystem-10

Software Notebooks Update 68 (Subscription Only)

Includes:

- Operating System Commands Manual Update
- DN92 Remote Station User's Guide
- MACRO Assembler Reference Manual
- LINK Reference Manual
- DISK I/O Processing Specification
- Software Installation Guide
- Operator's Guide Update
- Operator's Guide (KL Series) Update

Software Notebook Update 69 (Subscription Only)

Includes:

- COBOL-68 Language Reference Manual
- SORT/MERGE User's Guide

Software Notebook Update 70 (Subscription Only)

Includes:

- Operator's Guide (KL Series) Update
- Documentation Directory Update
- Monitor Installation Guide Update
- Networks Software Installation Guide

Software Notebook Update 71 (Subscription Only)

Includes:

- PCS-10/20 Installation Guide (V1)
- PCS-10/20 Proj. Control System Reference Manual (V1)
- SOS Reference Manual
- LINK Reference Manual Update
- Documentation Directory Update

Software Notebook Update 72 (Subscription Only)

Includes:

- TOPS-10 and TOPS-20 SYSERR Manual

SOFTWARE NOTEBOOKS

Update Material

(AD-5486A-RB)

This distribution of update material for the DECsystem-10 SOFTWARE NOTEBOOKS consists of the following items:

1. A TOPS-10 SOS Reference Card.
2. A spine insert for Notebook 2.
3. A spine insert for Notebook 13.
4. This update notice (which includes the Reader's Comment Card).
5. A new tab divider labeled Operating System Commands Manual.
6. A new tab divider labeled SOS Reference Manual.
7. A new manual, SOS Reference Manual (AA-D598A-TB).
8. A cover sheet for the LINK Reference Manual.
9. Update pages for the LINK Reference Manual (AD-0988C-T1).
10. A new tab divider labeled PCS Installation Guide.
11. A new PCS-10/20 Installation Guide (AA-5513A-TK).
12. A new tab divider labeled PCS Reference Manual.
13. A new manual, PCS-10/20 Project Control System Reference Manual (AA-5512A-TK).
14. A cover sheet for the DECsystem-10 Documentation Directory.
15. Update pages for the DECsystem-10 Documentation Directory (DEC-10-OXDDA-A-DN2).
16. A revised Master Table of Contents.
17. A revised list of DECsystem-10 manuals available from the Software Distribution Center (SDC).

INSTRUCTIONS FOR NOTEBOOK 2

1. Insert the new divider labeled Operating System Commands Manual immediately before the Operating System Commands Manual.

2. Insert the new divider labeled SOS Reference Manual after the Operating System Commands Manual.

3. Insert the new SOS Reference Manual immediately after its tab divider.

INSTRUCTIONS FOR NOTEBOOK 9

Using the cover sheet as a guide, replace the existing pages of the LINK Reference Manual with the revised ones supplied in this update.

INSTRUCTIONS FOR NOTEBOOK 13

1. Replace the existing Table of Contents with the revised one supplied in this update.

2. Insert the new tab divider labeled PCS Installation Guide at the end of the notebook.

3. Insert the new PCS-10/20 Installation Guide immediately after its tab divider.

4. Insert the new tab divider labeled PCS Reference Manual immediately after the PCS-10/20 Installation Guide.

5. Insert the new PCS-10/20 Project Control System Reference Manual immediately after its tab divider.

INSTRUCTIONS FOR NOTEBOOK 1

1. Using the cover sheet as a guide, replace the existing pages of the DECsystem-10 Documentation Directory with the revised ones supplied in this update.

2. Replace the existing Master Table of Contents with the revised one supplied in this udpate.

3. On completion of the foregoing instructions, insert this update notice into Notebook 1 immediately after the tab divider labeled UPDATE NOTICES. This is the seventy-first notice to be added to that section.

For your convenience, A SOFTWARE NOTEBOOK Comment Card and a list of DECsystem-10 manuals available from the Software Distribution Center have been included as part of this update notice. You may insert them into Notebook 1 along with this notice.

DECsystem-10
SOFTWARE NOTEBOOKS COMMENT CARD

Do you have any suggestions to improve the organization of the DECsystem-10 Software Notebooks? If so, please specify.

Are there any other manuals which you would like to see within the Software Notebooks? If so, please specify the names of those manuals.

Are there any manuals within the Software Notebooks that you feel should be deleted? If so, please specify the names of those manuals.

Are you missing any pages from your Software Notebooks? If so, please specify the missing page numbers.

Please cut along the line.

Please indicate the type of user/reader that you most nearly represent

- ☐ Assembly language programmer
- ☐ Higher-level language programmer
- ☐ Occasional programmer (experienced)
- ☐ User with little programming experience
- ☐ Student programmer
- ☐ Non-programmer interested in computer concepts and capabilities
