        Symbol table output:                       4    00:00:00.06        00:00:00.30
Total run values:                                538    00:00:08.32        00:00:18.87

Using a working set limited to 1350 pages and 110 pages of data storage (excluding image)

Total number object records read (both passes):   1185
    of which 579 were in libraries c  , 142 were DEBUG data records containing 12285 bytes

Number of modules extracted explicitly            = 2
    with 16 extracted to resolve undefined symbols

70 library searches were for symbols not in the library searched

A total of 7 global symbol table records was written
