Total run values:	351	00:00:04.88	00:00:15.56

Using a working set limited to 900 pages and 79 pages of data storage (excluding image)

Total number object records read (both passes): 532
of which 208 were in libraries and 16 were DEBUG data records containing 669 bytes

Number of modules extracted explicitly = 8
with 1 extracted to resolve undefined symbols

5 library searches were for symbols not in the library searched

A total of 0 global symbol table records was written
